True Success.

The most important achievements of the 1st Asian Beach Games will not only be measured in Gold, Silver or Bronze medals. They will be measured on the success of the event as a whole, and how the nation embraces such an event.

The National Olympic Committee is proud the games were triumphant not only for the Indonesian people, but for the entire Asian region.

We would like to thank all participating athletes, officials and volunteers who ensured the games were a resounding success.

Well done Indonesia for hosting such a prestigious event, and Inspiring the World!
